

§ 128–1.8001

§ 128–1.8001 Background.

The Earthquake Hazards Reduction Act of 1977 (Act), 42 U.S.C. 7701, *et seq.*, as amended, directs the Federal government to establish and maintain an effective earthquake hazards reduction program to reduce the risks to life and property from future earthquakes. Executive Order 12699 implements certain provisions of the Act by requiring Federal agencies responsible for the design and construction of new buildings to develop and implement a seismic safety program. The regulations in this subpart implement the Executive Order, and apply to buildings designed and constructed under the responsibility of the Department of Justice. These regulations do not apply to buildings used by the Department and obtained, through purchase or lease, by the General Services Administration or other Federal agencies.

§ 128–1.8002 Definitions of terms.

(a) *Construction documents*—Detailed plans and specifications for the construction of a building.

(b) *Building*—Any structure, fully or partially enclosed, used or intended for sheltering persons or property.

(c) *New building*—A building, or an addition to an existing building, for which development of construction documents was initiated after January 5, 1990.

(d) *Leased building*—A new building constructed expressly for lease by the Department of Justice, and for which the Department contracted with the lessor or owner to develop construction documents to meet the specifications of the Department.

(e) *Purchased building*—A new building constructed expressly for purchase by the Department, and for which the Department contracted with the owner/developer to develop construction documents meeting the specifications of the Department.

(f) *Assisted or regulated building*—A new building designed and constructed with funding assistance from the Department through Federal grants or loans, or guarantees of financing, through loan or mortgage insurance programs.

(g) *Covered building*—a new building owned, leased, purchased, or assisted or

regulated by the Department of Justice.

§ 128–1.8003 Objective.

The Department shall comply with Executive Order 12699 for the purpose of reducing the risks to lives of occupants of new buildings owned by the Department, leased for Department uses, or purchased and constructed with assistance from the Department, and to other persons who would be affected by the failure of such buildings in earthquakes; improving the capability of essential new Department buildings to function during or after an earthquake; and protecting public investments in all covered buildings; all in a cost-effective manner.

§ 128–1.8004 Seismic Safety Coordinators.

(a) The Justice Management Division shall designate an individual with technical training, engineering experience and a seismic background as the Department of Justice Seismic Safety Coordinator who shall provide overall guidance for the implementation of the Seismic Safety Program for the Department. The Department Seismic Safety Coordinator shall, at a minimum:

(1) Monitor the execution and results of the efforts of the Department to upgrade the seismic safety of the Department's new construction activities;

(2) Implement seismic safety program changes, as required;

(3) Act as a point-of-contact for the Department in maintaining necessary records, and consolidate data pertaining to the seismic safety activities in the Department;

(4) Monitor and record the cost, construction and other consequences attributable to compliance with the Executive Order;

(5) Notify each Component Seismic Coordinator about what information he must maintain under the Seismic Safety Program and what reports he must prepare;

(6) Prepare and forward for submission all reports, as required by law and regulation;
